with Sally

Last night we dreamed the Editor was a magician. He wore purple spats and a striped morning coat and a sardonic grin under his black mustache. And he kept pulling Easter bunnies out of his black silk hat.

Although we are accustomed to the Editor's unpredictable ways, we were somewhat taken aback and watched him for a few minutes in surprised amazement. Then things started happening to the rabbits.

We mean they began jumping into our lap. This was bad enough. But they also started turning into things as they leaped out of the hat. When we saw the first bunny turn into a lemon soufflé pie from Waxman's Bakery we could hardly believe our eyes.

We had no time to reflect upon this unprecedented course of events, however, because the second bunny had already turned into a dozen fresh eggs from Robertson's Egg Store.

As the next seven bunnies leaped through the air, they became respectively an encyclopedia from Edwards Drug Store, a sack of sugar from Miriam grocery, a yellow mixing bowl from the Daly City theatre, a chicken pie from Thery's Foods, a can of olives from Lucca Ravioli, an electric iron from Byrne Radio, and a porterhouse steak from Farmers Meat.

We blinked our eyes. But the tenth bunny was already turning into an automobile tire from Rubber Products company.

"Happy Easter!" cried the Editor and flourished his cane.

Shamrock Time

SHAMROCK TIME: Top O' the Mornin' to you! Could we be thinkin' of St. Patrick's Day so soon? Sure an' it's a bit early, but Irish lassie Arline Blackburn, who plays the radio role of Pretty Kitty Kelly, wants to make certain there's a shamrock growing in your back-yard. Pretty Kitty Kelly is heard over the CBS network, Monday through Friday, at 10:30 a.m., EST, for Eastern listeners, and at 1:30 p.m., PST, for Western listeners.

Hold Benefit Whist Tonight

Tonight at 8:30 p. m., Daly City whist players will gather at Masonic hall for a card party arranged for the benefit of Our Lady of Perpetual Help church.

There will be a large cash first prize. Several other awards will be made. The committee in charge promises everyone a good time, and cordially invites the public.

Six Weeks Song

When the carnival comes to Nice on the French Riviera, there is a charming custom of launching a new song whose melody is played daily by every orchestra and street band until everyone is whistling or humming it. When King Carnival dies, the song dies too, and the following season another takes its place.

Your Wife in Paris

Tourists in France who wish they could bring the famous cuisine of that country home with them to America may now do so. The famous cooking school at 129 Faubourg Saint-Honore in Paris will now accept American women visitors for class and private lessons at convenient hours.

Football Trophy

The John W. Heisman Memorial trophy is awarded each year to the football player deemed the most valuable. It perpetuates the memory of a football coach and gridiron mentor at many colleges for 35 years. The Robert W. Maxwell trophy, also awarded to the outstanding player, is named in honor of Robert W. (Tiny) Maxwell, a former all-America player, sports writer and gridiron official. The August V. Lambert Memorial trophy, emblematic of leadership among eastern gridiron teams, was donated by Victor A. and Henry L. Lambert of New York city in memory of their father, an ardent football fan.

Nickel Alloy

A recent industrial news letter reports that a new 98 per cent nickel alloy, which does not spark even under heavy use, has been developed for use in oil refineries.

Australian Warfare

Envoys between enemy tribes in Australia are safeguarded by special decorations painted on their skin.

Eugene V. Lynch

On April 9 civic-minded citizens of Daly City will go to the polls to elect two councilmen.

Desirous of serving my community and of taking an active part in its development, I am announcing my condidacy for the seat on the council and placing my name before you for your approval at the coming election.

Our community either progresses or remains at a standstill, and which of these two courses it shall follow depends upon how carefully you select the officials with whom you entrust the administration of your civic affairs.

It is the sworn duty of the official to devote his best efforts to the welfare of the community; to form sincere opinions on matters which come before him and to execute and take the responsibility for these decisions.

In previous campaigns a great deal of confusion has been purposely created by leaflets scattered on your doorstep to obscure your judgement in selecting the men who shall represent you in your city's administration. This is contrary to your inherent rights as a citizen entitled to the full benefits of a well-regulated city.

You have a right to expect that your councilmen will do more than merely bask in the prestige of their office; it is their duty to initiate measures contributing to the development of our community and, in event of an honest difference of opinion, to actively support such measures when they have been adopted, after careful deliberation, by a majority vote of the council.

It is with a pledge of carrying out this policy and of contributing my best efforts toward an efficient, business administration for Daly City that I place my candidacy before you.

EUGENE V. LYNCH.

Scouting the Shops

(Continued from Page 1)

"Shopping News specials make your dreams come true!"

Whereupon another brace of rabbits jumped forth and were transformed in a trice to a box of Goodness! candies, and a basket of petunias from the Daly City Nursery.

We tried to protest feebly. These proceedings were unconventional, even for an Editor. But our throat was so dry and our brain so dazzled by all the lovely Easter gifts piling up that we couldn't utter a sound.

"Something for Sally!" cried the Editor as the thirteenth bunny turned into a score card for Perpetual Halp's whist. "And something for John!" as the fourteenth one miraculously became a bottle of port from Gelsi's place.

"Presto!" hissed the Editor, and a big chocolate cake from Geneva Bakery floated through the air where a bunny had been. Our weakened brain told us this was for Sammy.

"Sue Ann! Hokum Pokum!" and there was a candy-filled duck from Fletcher's and a new pair of shoes from Bosco's as the pink ears of another rabbit went down to defeat.

Thick and fast the presents were poruing forth now—fresh strawberries from Milo's Market, dinner wines from Vireno's Market, roses from the Bungalow Nursery, frozen shelled peas from Westlake Market, sparkling water from Golden Bear Beverage, apples from the Daly City Cut Rate Market, jelly from Colma Pioneer Grocery.

It was a glittering, bewildering show with the Editor twirling his cane faster and faster. A few loud claps of thunder, a blaze of lights—and there was the Hilltop Lodge with music and dinner and dancing. Another clap of thunder and our clothes were being delivered at the door freshly cleaned from Beeson Cleaners. Flash! and we were watching Sonja Henie glide over a fairyland at the Daly City theatre. Then the bunnies leaped through the air and a smiling salesman explained the services of New Process Laundry.

Crash! and with a last huge flourish of bursting stars and twirling cane, the Editor advanced upon us. His smile was more sardonic than ever.

Suddenly our heart turned to ice. We had a horrible vision of how we would look leaping through the air with flopping pink ears and a wriggly nose.

We reached out wildly. And there was the morning sunshine and our own snug bedroom, and we were weakly wishing our pillow a "Happy Easter."

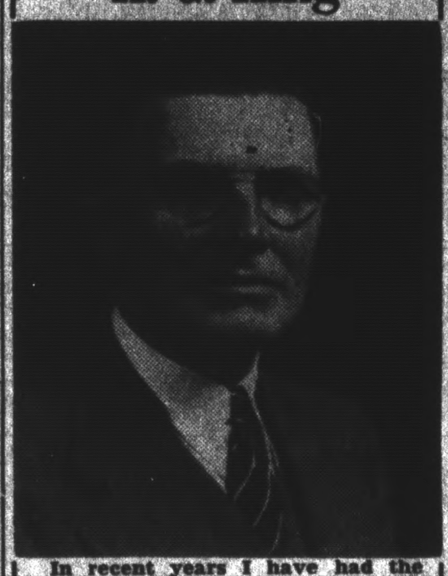
H. G. King



In recent years I have had the privilege of taking an increasingly active part in the civic affairs of our community and as a result I have become deeply interested in local government.

This interest has prompted me to become a candidate for one of the two vacancies on the Daly City council at the April 9 election.

In announcing my candidacy and asking your support, I am fully appreciative of the responsibility wihch the office holds. As your representatives in the city's administration, councilmen have the duty of making decisions upon which depend the continued development of Daly City as one of the county's outstanding, progressive communities.

If elected, I pledge my best efforts to the promotion of the welfare of our city as a whole, without sectional partisanship.

I shall not hesitate to take the initiative in sponsoring measures which I believe beneficial to all of us, with a willingness to assume full responsibility for my decisions.

At the same time I shall strive to co-operate with other councilmen, by respecting their opinions on such occasions as sincere differences develop over procedure, always ready to be convinced by proof that a given course of action is to the best interest of our city.

As a firm believer in democratic government, I shall abide by the majority opinion when any measure has been voted after open discussion in which the citizenry has had an opportunity of participating.

Since establishing my home here I have been interested in numerous aspects of community life. I have been president of the Fathers' Forum and had the honor of serving as chairman of Daly City Day at the Golden Gate Exposition and of representing this community on the committee in charge of San Mateo County Day at the World's Fair.

George and Millie

(Editor's Note: Technical information for this series has been supplied by The New Process Laundry.)

Dear Mother:

We've found George! Everything is even worse than papa and I had anticipated. George has three smashed ribs, a fractured skull and two black eyes.

The very first person he cornered and told about what a laundry service could do to liberate the little housewife from drudgery was a washing-machine salesman—one that weighed about 200 pounds and used to be a prize-fighter.

Well, I suppose it's cruel to say so, but now we'll know where George is for a couple of days anyhow. He likes the nurses at the hospital—they all send their uniforms to the laundry.

In the usual haste,
Millie.

If

The Man of The House

Had to do the washing and ironing for just one week, we're willing to bet he'd berate the job as time-stealing and inefficient. He's used to the speed and planned economy of modern business and industry.

And madam, since your time is precious, too, perhaps you'll be glad to know you need no longer slave for hours over the washtub.

Today laundry service is economical and practical, easy on both your clothing and your purse.

We have a service that will meet your individual needs, whatever they are.

We'll say it's

SPINACH

—and a proud dish it is

says Dorothy Greig

SPINACH is a vegetable that's had its ups and downs in life. A few years back cajoling and coaxing children into eating their spinach became the great meal time sport.

Then someone discovered that other vegetables were equally healthful and spinach toppled from grace with great suddenness.

Now, it's back again. We have learned that cooked properly, seasoned with imagination, spinach is a vegetable of fine, zesty flavor. For instance, take this supper spinach ring:

Spinach Ring filled with Creamed Tuna Fish and Mushrooms

2 pounds fresh spinach
¾ cup milk
2 eggs
1 teaspoon salt
⅛ teaspoon pepper

Cook the spinach about 8 minutes and drain very well. (This should yield about 3 cups cooked spinach.) Chop the spinach slightly, add milk, eggs, salt and pepper. Turn into a buttered ring mold, set in a pan of hot water and bake in a moderately hot (375°) oven for 30-45 minutes or until firm. Unmold on a hot plate and fill center of ring with Creamed Tuna Fish and Mushrooms.

Creamed Tuna Fish and Mushrooms:

1 can condensed cream of mushroom soup
½ cup milk
1 can (7 oz.) tuna fish

Empty the cream of mushroom soup in a pan and stir well. Then add the milk and heat. Take the tuna fish from the can, put it into a strainer and pour a cup hot water over it to take off the excess oil. Add the tuna fish to the sauce and heat to blend flavors. Put "Creamed Tuna Fish and Mushrooms" in the center of the Spinach Ring. Makes enough for 6 servings.

Submarine Cable

Gutta-percha, a sap obtained from trees in Java, Malay, Sumatra and other tropical regions, and balata, made by evaporating latex from the forests of the Amazon districts, Venezuela, Brazil, Panama and the British and Dutch Guianas, are used for submarine cable insulation.

Bacteria Families

Nearly 3,000 separate families of bacteria are at present kept alive in the American Museum of Natural History. These families, whose list of names begins with Absidia blakesleeana Lendner and ends with Zygosaccharomyces versicolor Sacchetti, are kept for study and identification, and are shipped vast distances for this purpose.

Tractor Romance

When Father's day rolls around next year a tractor on the farm of J. M. Templeton, near Colorado City, Texas, should not be forgotten. In fact, the tractor was almost a mother. A wren built her nest beneath the seat. Heat from the motor kept the eggs warm all day while the wren waited in a tree and took over the job at night. After the eggs were hatched the tractor was brought in at noon daily so the mother could feed her chirping offspring until the family was strong enough to fly away.

Skeeter Cheater

After four years of experimenting, five scientists at Rutgers university, New Brunswick, N. J., have developed an insect repellent which they claim will protect the most susceptible skin from mosquito bites, says the Country Home magazine. One of the scientists tested the new product in a marsh, smearing half of his body with the product and leaving the other half untreated. He was bitten more than 5,000 times on the untreated skin, while insects carefully avoided the treated portion.

Let's plan a party for Saint Patrick's Day

Hot rolls always make a big hit

● Are you having a supper party on Saint Patrick's Day? Or a Saint Patrick's luncheon on Saturday? Here are suggestions so attractive your friends will all admire them . . . so easy you'll say it was no bother at all!

Hot Shamrock Rolls are just the thing, especially when they're as light and tender as those shown above. Just follow the simple directions in the recipe and you'll be delighted with these tender Spry rolls.

How to get most of the work done in advance

You can mix them early Saturday morning, store in the refrigerator, then bake the rolls fresh and tempting, just before your party. In fact, feather-light rolls like these make the simplest meal a feast, so put them on your menus *often*.

For Erin Salad, cook cored, peeled apples in a thin sugar sirup flavored with mint extract, lemon juice and rind, and tinted pale green with coloring. Chill the apples, fill them with cottage cheese and garnish with shamrocks cut from citron. Serve on crisp lettuce.

For dessert, serve a two-layer cake iced with Seven-Minute Frosting and decorated with small shamrock candies. Little green hats filled with nuts will add a festive note to the table.

Cut out these party suggestions and recipe *now*, and win compliments on your Saint Patrick's Day Party.

Shamrock Refrigerator Rolls

2 cakes compressed yeast
¼ cup lukewarm water
1 teaspoon sugar
½ cup Spry (triple-creamed shortening)
4 teaspoons salt
2 tablespoons sugar
1½ cups boiling water
2 cups milk
11 cups sifted all-purpose flour (about)

Crumble yeast into small bowl or cup. Add lukewarm water and 1 teaspoon sugar and set in warm place until it becomes light and spongy (about 15 minutes).

Combine Spry, salt and 2 tablespoons sugar in large bowl and add boiling water. Stir until Spry is melted, then add milk. Add yeast mixture and mix.

Add flour gradually, mixing very thoroughly until a stiff dough is formed. Knead dough on floured board until smooth. Cut off enough dough to make desired number of rolls. Place in large bowl greased with Spry. Brush top of dough with Spry, cover, and let rise in warm place until light.

Grease hands thoroughly with Spry, take a small portion of dough, and squeeze between thumb and forefinger into small balls. Place three balls in each cup of muffin pans greased with Spry. Let rise in warm place until double in bulk. Bake in very hot oven (450°F.) 10 to 15 minutes.

Place remaining dough in large bowl greased with Spry. Rub top of dough with Spry, cover, and store in refrigerator for later use. Dough may be kept 2 or 3 days. Makes 5 dozen rolls. After kneading, the dough may be stored in the refrigerator overnight, if desired.

(All measurements in this recipe are level)

Military Buttons

One of the greatest collections of military buttons is owned by Robert S. Duncan of Toronto, Canada. He has 2,000 army buttons which have come from every section of the British empire and from 17 other countries. They are divided into 31 groups mounted on corrugated boards covered with paper.

Boy's Toy

Members of the Charlestown branch of the Boys Club of Boston have completed a 50-inch telescope for exhibition at the Boys Club of America's annual convention in New York city. The boys constructed the telescope in club science classes, even grinding the six-inch optical mirror.

Cure That Slice

Inspired by the increasing use of mirrors by college swimmers and oarsmen to improve their strokes, sporting goods dealers, Libbey-Owens-Ford Glass company reports, are boosting business by installing large plate glass mirrors so that customers for golf and tennis equipment may be entranced by "first-hand observation of their own form.

Portable Heat

A steam radiator which may be carried from room to room has been perfected by a company in Detroit. Weighing 40 pounds and 24 feet in length, the water in it is heated by electricity from a wall socket.

"EVERYTHING HAPPENS AT NIGHT" IN SONJA HENIE FILM AT D. C. THEATRE

Story value and acting performances are counted on in "Everything Happens at Night" more than in any of Sonja Henie's previous five productions. A completely different type of story for the famous skating star and queen of the ice, the screen play by Art Arthur and Robert Harari is filled with love and laughter, and mysterious danger, too. It's a timely tale of modern intrigue, with the added attraction of Sonja's matchless artistry on silver blades and slippery skis.

Ray Milland and Robert Cummings are featured as Sonja's leading men in the attraction which is now playing at the Daly City theatre.

As the daughter of a famous European statesman hiding in Switzerland from his enemies intent on extinguishing the light of freedom in Europe, she aids her father in revealing to the world the sensational inside story of the new international intrigue.

Companion feature on the new bill is "Our Neighbors—The Carters," starring Edmund Lowe.

Robert Cummings, Sonja Henie and Ray Milland

Versailles in Germany

On a lonely island in the Chiemsee in Germany stands one of the most amazing palaces in Europe—an almost identical reproduction of the chateau of Louis XIV at Versailles. The copy was built at tremendous expense by Ludwig II, the "mad king" of Bavaria, who cherished a great admiration for the French king and his famous country estate.

'Going to the Dogs'

Relief at Fremont, Ohio, has been "going to the dogs," according to the dog warden, Hiley Mook, who reported that a large part of the milk furnished daily for eight children was being fed to four dogs of a rural relief client. Mook took the dogs.

Good Wading

Palanga, a Lithuanian coast resort 700 years old which has a tourist population twice the number of its own inhabitants, has one of the safest sandy beaches of the Baltic. You can wade out 90 feet on the sandy ocean floor before the sea reaches the knees. It is a paradise for children's play.

Save the Plaster

Before driving a nail into plaster, place it in hot water for a few minutes and it will not crumble the plaster.

Ancient Rocks

The oldest rocks whose age has been definitely determined are in South Dakota and Manitoba—1,700,000,000 years old.

Bears Welcome Tourists

Yellowstone is not the only place where bears welcome visitors, for tourists to Zakopane, Poland's famous holiday resort, report that huge polar bears meet them on the roads walking upright on their hind legs. They are men in bears' clothing usually accompanied by a photographer who will perform his function while the visitor poses between two terrifying bruins.

Church as Stable

The churches of Kilkenny in Ireland have been put to various uses in the past. The cathedral has been a stable, the Franciscan Friary a tennis court, the Black Abbey a courthouse, while the parish church has served both as a barracks and a hospital.
